**WE ARE SCOOPED.**  
A Democratic Wave Has Swept the Country and Cleveland is Elected.

**NELSON IS ELECTED GOVERNOR.**  
Searles Probably Elected and the Entire Legislative Ticket Saved.

Harrison and Reid have been snowed under by a democratic majority from ocean to ocean. Wisconsin, Illinois, Ohio and New York elect the democratic electoral ticket.

Kuntz Nelson is elected governor by a plurality of at least 15,000. Six congressmen are elected, the seventh Heatwell's district being in doubt. The legislature will be republican on joint ballot.

**NOT SINCE GRIFEL Y'S TIME**  
Has Any Candidate Been So Badly Beaten as Harrison?

**NEW YORK, Nov. 10.**—The World says: Ben Harrison and Whiteley R. did worse than any man who has ever run for president since Horace Greeley's campaign in 1872. They will receive barely more votes than Greeley would have had had he lived and the college men.

Cleveland and Stevenson will receive more votes in the electoral college than any candidates have ever before had. The transfer of Ohio to the Democratic column raises Cleveland's vote to over 300 and reduces Harrison's to little more than 100. The exact figures according to latest returns were: Cleveland, 303; Harrison, 101; Weaver, 32.

The latest reports indicate that the next United States senate will be divided as follows: Democrats, 42; Republicans, 40; People's party, 6.

**CLAIMED BY REPUBLICANS.**  
Late Returns from Kansas Favorable to Harrison.

**KANSAS CITY, Nov. 9.**—The Republican state committee of Kansas claim the state is carried for their national and state tickets by not less than 8,000 over the Populist-Democratic fusion, and their claims seem to be borne out by the later returns. Both committees are claiming the legislature, but the chances favor a small R. publican majority.

**MISSOURI IS DEMOCRATIC.**  
St. Louis, Nov. 9.—The entire Democratic ticket in Missouri has been elected by a plurality of 17,000. The returns from congressional districts are not all in, but enough have been received to show that the Democrats have carried thirteen out of the fifteen districts. In the Tenth district Richard Bartholdi (Rep.) defeated J. H. (Dem.) by 962 majority. In the Eleventh district J. H. (Rep.) defeated O'Neill (Dem.) by twelve votes. Both these districts are in this city. In the remaining districts Democratic congressmen are elected.

**West Virginia Majorities.**  
PARKERSBURG, Nov. 9.—Returns from the district coming slowly but surely have been learned from the official votes and estimates from gains and losses to put Cleveland's majority at not less than 6,000. It will probably be greater. No collision between day and state officers has been reported. McCormick, Democratic candidate for governor, ran about even with the president. The four Democratic congressmen are re-elected by heavy majorities and the legislature will be Democratic.

**Fusion Electors in Idaho.**  
BOISE CITY, Nov. 9.—Returns come in slowly. Forty-three precincts already in give the Republican state ticket a majority for members of the legislature. This will likely hold good for the balance of the state. Sweet, Rep., is elected to congress. It is probable that fusion electors are chosen.

**North Carolina Returns.**  
RALEIGH, Nov. 9.—Complete returns are now so far complete as to show that the Democrats have elected 90 per cent of the members of the legislature. There, Williams, Dem., has 400 majority, with one county to hear from which usually gives a small Republican majority.

**Nine Democratic Congressmen.**  
RICHMOND, Nov. 9.—Congressman Wise, Rep., is re-elected by 7,000 majority. Nine Democratic congressmen are elected. The Democratic fusion is doubtful, with probabilities in favor of Rep., sitting Democrat, over J. Thomas Goode, third party.

**Hogg Elected Governor.**  
DALLAS, Nov. 9.—Texas has elected Hogg for governor by a small plurality. Nugent, Populist, for governor, probably has 100,000 out of a possible total of 200,000. The Democratic fusion for congress are returned except possibly Gresham in the Galveston district.

**VERY CLOSE IN OHIO.**  
Late Returns from the Buckeye State Favorable to the Democrats.

**COLUMBUS, Nov. 9.**—The situation in Ohio is interesting and exciting, with the result in doubt. The Democratic committee has reports from the county chairmen of thirty-six counties which show a net Democratic gain for Cleveland of 14,440. This leaves fifty-five counties to hear from. At the same ratio of increase the state will go Democratic, but Republicans hope for a different result and are still claiming Ohio by a good plurality for Harrison. Colonel W. A. Taylor, the Democratic candidate for secretary of state, claims his election by 150 majority, while Hon. S. M. Taylor, rep., insists that he is safe. The reports received from seven Republican county chairmen at the Republican headquarters party now on at Columbus, Ohio, confirm the figures of the Democrats. At midnight the Democrats claim the state for Cleveland electors by a plurality ranging from 1,000 to 1,200. Republicans concede it is very close and will require the official count to decide.

**CONCERNED OHIO TO CLEVELAND.**  
CINCINNATI, Nov. 10.—The Commercial Gazette (Republican) on the basis of complete returns from 54 counties, and estimates on the remaining 34 counties in the state, estimates that Cleveland electors are chosen by 358 plurality, and that S. M. Taylor, Rep., for secretary of state, is chosen by 150. It also figures 10 Republican and 11 Democratic congressmen.

**Democratic Elect National and State Tickets and Eleven Congressmen.**  
INDIANAPOLIS, Nov. 9.—Indiana has joined the procession and is Democratic by a large majority. Returns now sufficiently complete to show that Cleveland has carried it by at least 7,000 and the entire Democratic state ticket is elected by pluralities in the same neighborhood. The People's and Prohibition parties did not come anywhere near their expectations. Democratic electors eleven out of thirteen. The legislature will stand three-fourths majority for the Democrats on joint ballot, assuring a Democratic senate.

**MASSACHUSETTS.**  
The Republican Plurality Not as Large as Four Years Ago.

**BOSTON, Nov. 9.**—Returns from nearly three hundred towns and cities, including Boston, show a decrease in the Republican plurality as compared with four years ago of about 3,000 votes. The state ticket is in doubt.

**NEW YORK.**  
Cleveland's Majority in the Empire State is Greater Than Four Years Ago.

**BROOKLYN, Nov. 9.**—Kings county complete with seven wards in Brooklyn estimated gives Cleveland a plurality of 94,475.

**Total in New York City.**  
NEW YORK, Nov. 9.—The total vote for president in New York City with three electoral districts missing is Cleveland, 174,884; Harrison, 99,100. Plurality for Cleveland 75,784.

**Claims the State by 40,000.**  
ALBANY, N. Y., Nov. 9.—Governor Albany claims the state by over 40,000.

**CLEVELAND GAINS.**  
Democratic Majority in Alabama Larger Than Four Years Ago.

**BIRMINGHAM, Nov. 9.**—Incomplete returns from 46 out of 66 counties show Cleveland's majority at nearly 35,000. Complete returns have come from only a few counties. Cleveland made big gains on Democratic vote in August state election. Enough returns have been received to insure six Democratic congressmen. The Fifth and Seventh districts are close and in doubt. Chancen for Democrats in Seventh and fusionists in other two.

**REPUBLICAN CANDIDATES CHOSEN IN THE NORTHWEST.**  
Democratic Ticket.

**MINNESOTA REPUBLICANS CLAIM NINE ELECTORS AND THE STATE TICKET—HARRISON HAS VOTES TO SPARE IN IOWA—WISCONSIN HAS EVIDENTLY GONE DEMOCRATIC FROM TOP TO BOTTOM—NORTH DAKOTA PLACED IN THE REPUBLICAN COLUMN—SOUTH DAKOTA REPORTS CONFUSION.**

**ST. PAUL, Nov. 9.**—Chairman Jamison, of the Republican state committee, is confident that the Republican party has elected Knute Nelson governor by a large plurality—about 20,000—and also the nine presidential electors by majorities varying from 8,000 to 20,000. There are indications that there has been a large falling off in the People's party vote, and the majority of the slumping vote has gone largely back to the Republican party. Chairman Jamison said that the returns were coming in slowly, but those which have been received have given the committee every reason to expect a handsome plurality for the Republican candidate for governor. In the southern part of the state he has received a very large vote, and in the Alliance districts in the northwestern part of the state he has made a big cut into the Owen vote of two years ago. The committee feels certain of the election of six Republican congressmen and have not given up the only doubtful district, the Third.

**The Democratic Claim.**  
The Democratic state central committee does not claim Lawler's election, nor do they concede the electoral vote to Harrison.

**"We Have Not Given up the State,"**  
said Chairman Baker, "and if Nelson is elected it will be by a very small vote. The Democratic ticket is still in the game. It is difficult to estimate the vote. I have observed that outside of Hennepin county Lawler has made a uniform gain. We think Hall, Harrison and Baker are still in the game. Hennepin, I hear, is close, Lawrence claiming an election.

The Republicans claim the returns and other reports in the form of private communication. The Democratic committee will not join until they have a Republican majority of at least 25 and probably 32.

**CONCEDE WISCONSIN.**  
Republicans Admit the Election of the Democratic Ticket.

**MILWAUKEE, Nov. 9.**—The victory of Democracy in Wisconsin is complete. Ed C. Wall claims the state of Wisconsin with 18,000 majority for the Democrats. Complete reports from all over the state give the Democrats 12 state senators, which, together with 15 hold over senators, give them 27 out of 39 plurality. The national ticket will probably get about 5,000. Both Republican congressmen are surely elected and the legislature will be Republican.

**The Result in Oregon.**  
PORTLAND, OR., Nov. 10.—Two hundred and sixty-eight out of 639 precincts, which comprise two-thirds of the vote of the state give Harrison, 23,678; Cleveland, 8,987; Weaver, 18,880. Pierce, Fusion candidate, runs largely ahead of his ticket, but is a substantial basis for reaching the figures of the lowest Harrison elector.

**Weaver Gets Everything.**  
VIRGINIA, Nov. 10.—The silver party carries every county of the state by from 100 to 500 plurality. Weaver's plurality is estimated by Nixon, chairman of the state committee at 4,000 and F. G. Nelland's election to congress by 3,000 plurality. The silver party carries the legislature, which insures Stewart's return to the United States senate.

**MCKINLEY DOESN'T KNOW.**  
He Hasn't Had Time to Figure Out What Did It.

**CHICAGO, Nov. 10.**—The Herald prints the following from Columbus, O.: The Herald correspondent asked Governor McKinley what, in his opinion, was the cause of the utter rout of the Republican party in Tuesday's election in Ohio. "I don't know," said he. "I have not had time to study the result. It is a great surprise to me." The governor does not conceal the chagrin he feels over the unmistakable verdict of the whole country upon his tariff law. He has always said the election that brought the enormous Democratic majority to the house of representatives was held before the "good effect" of his bill could be felt.

**Want Immigration Prohibited.**  
NEW YORK, Nov. 10.—The board of trade and immigration has adopted a resolution requesting congress to consider the desirability of prohibiting immigration for three years.

**Republicans Carry the State—Anacostia in the Lead for the Capital.**  
HELENA, Mont., Nov. 9.—Advises received thus far indicate that the Republican ticket has carried the state by a small majority. So far in the contest for the location of the state capital the vote is: Butte, 6,445; Helena, 3,327; Great Falls, 3,000.

**CALIFORNIA CLOSE.**  
Cleveland's Big Majority in San Francisco

**SAN FRANCISCO, Nov. 9.**—According to returns counted in this city thus far Cleveland will have a plurality of about 7,000. Returns are too meagre to say with positiveness which electoral ticket has carried the state, but indications are that Cleveland's plurality in this city will be overcome by Harrison's plurality in other parts of the state and that the latter will probably win by a plurality considerably less than that of four years ago. The legislature is still in doubt, but will probably be Republican on joint ballot. The Democrats in all probability carry four congressional districts and the Republicans the remaining three.

**CARRY EVERYTHING.**  
Colorado Populists Secure Presidential Electors and the Legislature.

**DENVER, Nov. 9.**—Additional returns only tend to put up the Populist majority in Colorado which will be anywhere from 5,000 to 7,000, with Weaver, Populist candidate for governor, probably 4,500 over his nearest rival, Penco, Populist, is elected to congress in the First district by 1,500 to 2,000 majority, and Bell, Populist, is elected in the Second district by 3,000 to 4,000 majority. The Populists will have control of the lower house of the legislature and probably the senate. Long term senators elected will have a vote in the session of 1893 for a United States senator to succeed Senator Walcott. Of the seventeen long term senators chosen the Populists have elected ten or twelve and possibly more.

**IS VERY CLOSE.**  
An Official Count Necessary to Decide in Wyoming.

**CHEYENNE, Nov. 9.**—It will require an official count to decide if Wyoming is for Harrison or Weaver. The majority will not be 100 either way. Chairman Vandewater, of the Republican state committee, concedes the election of Osborne for governor and Clark for supreme judge. He claims the legislature on joint ballot and the election of Clarence Clark to congress by 800, Chairman New, of the Democratic committee, says the Democrats and Populists have 10 majority in the legislature and have elected Osborne governor, Clark supreme judge and Griffin congressman by a majority of 500.

**From Washington State.**  
SEATTLE, Nov. 9.—Estimates based upon nearly complete returns for King, Pierce and Spokane counties give McGraw, Rep., for governor about 2,000 plurality. The national ticket will probably get about 5,000. Both Republican congressmen are surely elected and the legislature will be Republican.

**The Result in Oregon.**  
PORTLAND, OR., Nov. 10.—Two hundred and sixty-eight out of 639 precincts, which comprise two-thirds of the vote of the state give Harrison, 23,678; Cleveland, 8,987; Weaver, 18,880. The election is over and hereafter our readers can expect better attention to local matters. This week the entire attention of the public has been turned towards election news and news gatherers have found little else.

Register Barto, of the St. Cloud land office, went to Fort Ripley on Thursday last under instructions from the government to sell the old reservation and buildings which had been appraised at \$3,900. As no one was willing to pay the price the gentleman was obliged to return without accomplishing the object.

The Northern Pacific railroad will make a rate to St. Paul and Minneapolis on the occasion of the Swedish Lutheran Conference of Minnesota and North Dakota at Lakota, Nov. 15 to 20, of one and one-third fare for round trip on certificate plan subject to the usual attendance of one hundred or more who have paid full fare going.

Herr A. Amold the great Norwegian Violinist, will give a concert in this city Thursday evening, August 17, under the auspices of the Episcopal Church. Herr Amold is a complete master of his instrument. Scandinavia has given to the world many of its greatest musicians, and Herr Amold is in every way worthy to follow in the footsteps of his illustrious predecessors. An attractive programme has been arranged, and all who attend the concert will be nicely repaid.

The engagement of Mr. and Mrs. Drew at the Mozart Academy the past week, was one that was eminently satisfactory to the public and to the artists. This young couple have a very bright future before them, and in the class of comedy that they have selected for their initial appearance in Richmond, showed that they were artists in true sense of the word. The approval of the audience was manifested in the most emphatic way during the entire engagement.—Richmond Times.

The meeting called by the board of education at the high school building on Monday evening was quite well attended although not as largely as was expected. The object was for the purpose of discussing the desirability of issuing \$50,000 bonds, the proceeds to be used in erecting public school buildings in the various wards where they are so badly needed. The meeting was addressed by several people and the matter was placed before the audience in as plain a manner as possible. Prof. Chesdole's remarks in regard to the crowded condition of the schools, the steady increase in numbers and the inability of the teachers to do justice to the large number of pupils which they were required to care for, carrying much weight. A vote was finally taken, the result being 124 for and five against the issuance. The result is very gratifying as the sum indicated will place the means in the hands of the board with which to furnish adequate school facilities in each ward.

The Legislative Ticket.

The returns received up to the time of going to press would indicate the election of the republican legislative ticket in this district by a good majority, and it is almost impossible that the official canvass can change the result materially. In this county there are eight small precincts yet to hear from which are certain to increase the republican majority. The vote as far as can be ascertained is as follows:

A Brilliant Wedding.

At the residence of Mr. and Mrs. Robert Sturgeon in East Brainerd last evening occurred the wedding of Miss Hattie Sturgeon to G. M. Walker, the ceremony being performed by Rev. G. H. Davis at 9:15 o'clock. A large number of invited guests were present and witnessed the ceremony. The bride was attired in a rich cream colored silk dress with pearls and smilex. The groom wore the usual black. The bridesmaid Miss Kittie Meekins, wore pink silk adorned with roses. George Stroner acted as groomsmen. Immediately after the ceremony the Brainerd City Band, who were in waiting serenaded the couple and were invited to participate in the wedding feast which followed. A large number of useful and handsome presents were received, among which was a beautiful silver case presented by the band of which organization Mr. Walker is a member.

The bride and groom are well known to all our readers, the former being a very popular and accomplished young lady of East Brainerd and the groom a member of the firm of Walker & Sons. Mr. and Mrs. Walker left on the morning train for a short visit to Minneapolis after which they will return and make this city their home. Congratulations are extended.

Wonderful Development.

Everybody who is familiar with the map of Minnesota knows that nearly one-half the area of the state lies north of the Northern Pacific and that with the exception of the prairie district along the Red River of the North, where railroad lines have been built, paralleled and rep paralleled that the northern part of the state is almost without railway lines. That is the maps most familiar to the public shows this condition. But a wonderful development is going on in the northern part of the state. About all the railroad building that is being done is being done in that district. Some of these lines are built for logging roads and some to bring out the recently discovered deposits of iron ore. Two lines are headed for the Red Lake reservation and are likely to tap it on the east before the reservation is fairly open. These lines will open besides pine and iron lands stretches of hardwood timber and an agricultural district which will some day be populous and prosperous. Indeed there is reason to believe that the time will come, and that soon, when the railroad lines now in process of construction will be vastly more profitable than the prairie lines in the Red River valley district. Railroad managers have fairly fought over territory there while neglecting a great area further east that is destined to furnish far more profitable business, if the experience with the timber country lines in Wisconsin can be expected as any criterion. And the lumbermen have been and are the vanguard in this new railroad construction. The logging railroad is an eye opener to railroad men as well as lumbermen.—Lumberman.

Mr. and Mrs. Sidney Drew.

The appearance of those talented artists Mr. and Mrs. Sidney Drew at opera house on Wednesday Nov. 16, is looked forward to with interest, judging by the flattering impression that they have made upon their audience throughout the United States. They will appear in that highly successful Comedy Drama "That Girl from Mexico", preceded by Sidney Grundy's delicate one act play entitled "In Honor Bound".

In these blase days it is hard to be both humorous and original at the same time, but in the construction of "That Girl from Mexico", the piece of resistance to this engagement, the authors are universally conceded to have attained both these subjects. Many innovations and novelties are introduced. The play in its entirety being novel in conception, rapid in action, concise and compact in construction, brimming over with effect which flash with vivid brilliancy.

Mr. Sidney Drew the central figure of the play, for a long time, and for many reasons, has been welcome upon the stage, and it especially welcome because he represents in the art of comedy, the spirit of youth and hope and joy. In our utilitarian there is need of the joyous welcome, and men and women by whom it is imparted are public benefactors. The ministrations of mere hilarity indeed is an influence that has been pushed to excess, the ministrations of joy on the contrary, is a sweet and gentle influence, diffusing refinement, humor, and kindness, and its augmented prosperity must ever be deemed a benefit. In such successful theatrical generations this spirit has had its representative actors who have gained affection as well as the admiration of the people by contributing to make them happy. The late John Matthews, Lester Wallace, Joseph Jefferson, etc., may be mentioned as artists of that lineage, and will surely win a rank in that honorable company. He is an image of grace, he possesses repose, individuality, coolness, drollery, the talent of apparent spontaneity and the faculty of crisp execution.

We have never opened on sale, such a large stock of ladies' and children's cloaks.

Y. M. C. A. Notes.

The International committee of Young Men's Christian Associations for the twenty-second time has set apart the second Sunday in November with the week following Nov. 13-19 as a day and week of prayer for young men. Very many pastors have in previous years availed themselves of the opportunity afforded by this season to invite the attention of their congregations to young men as a class and a great need that exists of special definite efforts in their behalf to the end that they may prove a blessing to the church, the state, and the community in which they live. It is not practicable for the Brainerd association to observe the entire week but in view of the great blessing, and all the promises of gracious answers to united supplication, no association can afford to let the season pass without observing at least a portion of it, so the association of this city will hold a united meeting in the assembly room of the association on Sunday afternoon, Nov. 13th at 3:30 P. M. to which every body both male and female are cordially invited, the meeting will be addressed by Rev. E. J. Sanderson W. H. Ware J. A. Jenkins and others. A collection will be taken in aid of the international committee work. In addition the meeting in the Y. M. C. A. rooms, Rev. E. J. Sanderson will preach at night on the subject "The nation" "the young man" and "the Bible". Rev. Mr. Davis will preach a Temperance Sermon, and Rev. Ware and Rev. J. A. Jenkins will emphasize work for young men.

A Remarkable Discovery.

One of the chronic promulgators of advertisements. Cubeb Cough Cure is not such, it is an established remedy with known merit, made on scientific principles by experienced chemists. It affords instant relief, and is called the one minute remedy, for it stops coughing at once, does not cure but gives temporary relief to consumptives, and absolutely cures all other affections of the throat, lungs, etc. For Croup, Whooping Cough, and colds of children Cubeb Cough Cure is valuable. For sale by N. McFadden druggist.

OFFICIAL.

It is our earnest desire to impress upon the minds of the public the superiority of the service offered by the Wisconsin Central Lines to Milwaukee, Chicago and all the points East and South. Two fast trains leave St. Paul, Minneapolis and Duluth daily, equipped with Pullman Vestibuled Drawing Room Sleepers, Dining Cars and Coaches of the latest design. Its Dining Car Service is unsurpassed, which accounts, to a great degree, for the popularity of this line. The Wisconsin Central Lines, in connection with Northern Pacific R. R., is the only line from Pacific coast points over which both Pullman Vestibuled, first-class, and Pullman Tourist Cars are operated via St. Paul without change to Chicago.

Editor DISPATCH: I wish to return my sincerest thanks to my friends of Crow Wing county for the cordial support given me last Tuesday. Although many influences, over which I had no apparent control, were brought against me, and although many of my warmest friends were misled by the enemy into thinking that both home candidates could be elected, notwithstanding all this, I say, I received more votes than any other candidate on the legislative ticket. For this endorsement I am truly thankful. We shall still continue to work for the interests of Brainerd, always giving to others their just need of praise for work done by them. Her labors of industrial supremacy must be upheld.
